4 things to know about the Open Enrollment Period

- **You may qualify to save money — most people do!** In fact, 9 out of 10 people who enroll are eligible for financial help, and many people receiving assistance can find a plan for \$10 a month or less after savings.
- **Open Enrollment is the one time of year to enroll – unless you have a major life event.** If you don't enroll in a health plan during this three-month period, you'll have to wait until next year's Open Enrollment Period unless you have a major life event – like getting married, having a baby or moving – that qualifies for a Special Enrollment Period.
- **Help getting coverage is available.** You can get help filling out your application by phone, with a trained assister, agent or broker. Find local help at [GetCovered.NJ.gov](https://www.getcovered.nj.gov)
- **Already have a Marketplace plan?** Plans and prices change every year, and new choices are available for 2022, so make sure you check out your coverage options to find the plan that is right for you. Log in to your account now to shop for coverage.
